PERFORMANCE with *Style*
PRODUCTION SALE

APRIL 13, 2024
1 PM AT THE RANCH

Welcome

We invite you to join us at our 12th annual "Performance with Style" bull sale. We appreciate you taking the time to check out our offering. What a difference a year makes, 12 months ago at this time we were enduring the worst winter most of us can remember and this spring has been the exact opposite. The bulls have certainly fed well this year and we think you will definitely be able to find one that fits what you are looking for.

As we have gone about our normal tasks and routines this year, we have been constantly reminded about the importance of relationships. Our family members that show up anytime there is work or a project that needs to be done, our friends who also help out and answer questions or offer advice and most importantly our customers that not only keep us in business but are also great to work with.

There are all types and kinds of people buying and selling cattle in this world, and we know we work year in and year out with some of the best. Whether you have purchased cattle from us in the past or have never considered us as a seedstock source for your cowherd, we invite you to attend our annual bull sale, visit with us, look at our cattle and decide for yourselves if what we have to offer could work in your operation.

Please don't hesitate to call, text or email if you have any questions and we look forward to seeing you on April 13th.

Sincerely,

The Montgomery's and the Hansen's

Chestnut Redemption has done a great job for us making good solid bulls with plenty of muscle and leaving plenty of daughters to retain as well. Lot 1 is the only direct son in the sale this year, but still a great place to lead off as he is a massive built individual plenty of get up and go.

3001 has been a favorite around here since birth. Dennis spent plenty of time petting and scratching him last spring when he wasn't busy moving snow. He has a great disposition coupled with plenty of real performance and out of a first calf daughter of our Madame Pride donor. We will have dna and epd's on him by sale day.

EPD INFORMATION TO MAKE SELECTIONS:

Expected Progeny Differences (EPDs) are the most powerful genetic tool you have for selecting the best animals for your breeding program. EPDs are values that predict how the future progeny of an animal will perform relative to the progeny of other animals in the same breed. They are expressed in the units of that particular trait.

Commercial Heifers

Lot 38

30 COMMERCIAL OPEN HEIFERS

These 30 heifers have been raised and developed right along with our replacement and sale heifers. They have been heavily sorted based on performance and disposition with those that didn't perform well or showed any disposition or other phenotypic issues already sent to the salesbarn. They are vet checked ready to breed, up to date on their vaccinations, and geared up to hit grass this spring.

Winning bidder has to take a minimum of 5 or as many as the whole group.

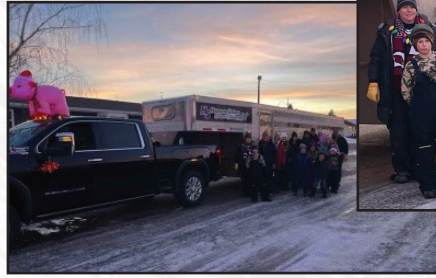

Lot 39

10 COMMERCIAL BRED HEIFERS

Our loss is your gain, as our heifer bull had a breeding issue last spring and we ended up with some heifers not due to calve until the beginning of June. Anyone looking for some later bred heifers has a great opportunity here to pick up some females that were meant to become part of the future of our cowherd. They are all bred to Bushs Grit and due the first 10 days of June.

The winning bidder can take as many as they want and has the option to have them registered for an additional \$250/head.

MZ

Commit your actions to the Lord, and your plans will succeed.
Proverbs 16:3
