PERFORMANCE WITH STYLE PRODUCTION SALE

Saturday
APRIL 8, 2023

1:00 PM • At the Ranch, Carrington, ND

Offering 30 Yearling Angus Bulls, 10 Registered Replacement Heifers
& 20 Commercial Heifers

MONTGOMERY RANCH

Welcome,

We invite you to join us at our 11th annual "Performance with Style" bull sale. We appreciate you taking the time to check out our offering. Despite what seems to be a never-ending winter that started back in November and continues as we write this, the bulls have fed very well this winter and this is the heaviest, best developed set we have offered to date.

We often find ourselves asking why we do this, and this winter has brought those questions out more often than normal. It seems like a never-ending loop of moving snow, doing chores, and checking cows. While it certainly has its challenges, there are certainly days when it brings a smile to your face and presenting a set of bulls that have made through all the sorts, look good, and have grown well is certainly one of those days. Around here we have discussed a few times just how much tougher this had to have been for those who

did chores with smaller equipment than we have now that may or may not have had a cab to keep warm in, and how thankful we are that we have those amenities! Hopefully by the time the sale rolls around winter is winding down, and we invite you all to join us and have some good food and fellowship on Sale Day.

Whether you have purchased cattle from us in the past or have never considered us as a seed stock source for your cowherd, we invite you to attend our annual bull sale, visit with us, look at our cattle, and decide for yourselves if what we have to offer could work in your operation.

Sincerely,

The Montgomery's

View the Auction Live! Bid Online... you're ringside right at your desk!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.DVAuction.com under the "Register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction — a DV representative will notify you once you have been approved.
3. Tune in for the sale to make your purchases!

High Speed internet is required for successful bidding - be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy-bidding — if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

EPD INFORMATION TO MAKE SELECTIONS:

Expected Progeny Differences (EPDs) are the most powerful genetic tool you have for selecting the best animals for your breeding program. EPDs are values that predict how the future progeny of an animal will perform relative to the progeny of other animals in the same breed. They are expressed in the units of that particular trait.

This flush of 4 out of Freys True Grit and the Saras Dream 6957 couldn't have turned out any better, it's almost like we planned it that way! The combination of great phenotype and real growth is hard to find but it is definitely what they bring to the table. They are all big hiped, long sided, and set down on a great set of feet and legs. Around here we call their donor dam Sunshine because she came from California and in here time here she has continued to produce calves that have been at the top of their class, and her first flush to True Grit looks to continue that tradition.

Koko is our proven donor who has had multiple high sellers for us in past sales. 2204 is a heifer safe option out of Freys True Grit. When we saw True Grit we thought he offered a tremendous amount of performance with a balanced set of EPD in a very phenotypically attractive package that would bring a fresh set of genetics to our program.

2118 is a massive made beef bull that truly has to be seen to appreciate his look and muscle. He is the natural calf out of Koko and our Dually son that we purchased from the Hall Brothers out of the Black Hills Stock Show Angus Sale. You are probably wondering why there isn't a picture of him? Well I'm not sure because we brought him through the pen and Zac said he had one taken of him, but when he went through his photos from the day it was gone, so he sent me a picture of his sire instead until we get this one video!

Deer Valley Growth Fund has definitely become a household name for Angus bull buyers, and rightfully so. His combination of calving ease, growth, and an impeccable EPD profile are the reason we felt we needed to use him in our program as well. His sons offer moderate birthweight and plenty of growth in a big ribbed muscular package, and all of them are very similar in type and kind.

This Chain Breaker son is a bigger framed, growthy made bull. He was the heaviest calf at weaning and fed well through the winter. His EPD's put him in the top 4% of the breed for weaning and top 10% for yearling weight.

2015 is the first son of Grit in the offering. Out of a Big Hoss daughter, he is what we imagined when we purchased those 2 bulls. Maternal strength in a very eye appealing package with performance to top it off.

Redemption was purchased by Jon Brown in the 2021 State sale, and we retained an interest to use him back on our cows. Unfortunately we lost him before he had a chance to breed to many heifers, but the calves we did get are certainly intriguing. 2005 would be good to be used on heifers.

If you are keeping score, Zoey is the 3rd former show heifer turned donor cow that has a bull in this year's catalog. Just pointing this out for all the guys that like to stand around the showing at County Fairs in the summer and complain about how feed and hair don't matter when they become cows. Those guys are right, but like we teach the livestock judging kids, power, mass, soundness, and good looks do matter when they become cows, and that's what made them good show heifers to start with.

The final 6060 daughter and last lot in the sale. She is out of the Grace cow family that has produced many of the past top end heifers in our sale.

LOT 43-63 20 COMMERCIAL ANGUS HEIFERS

Once again we are offering a lot of 20 commercial replacement heifers. These heifers have been fully vaccinated and developed right along side our own replacements. They sell as one lot, the winning bidder has the option to take them all, but must take a minimum of 5.

Molly was partnered with ND Ag Commissioner Doug Goehring for a showmanship contest at the State Fair.

The Foster County Senior Livestock Team won the 2023 State 4-H Contest.

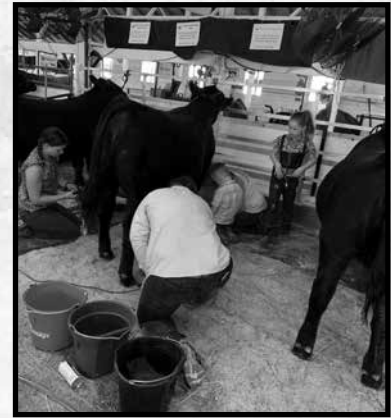

Layne, Josie, and Cally were on the Foster County Junior Livestock Judging Team.

Jackson showing Pepper.

Picture day cleaning crew.

The cousin fitting crew at the ND State Fair.

Dennis at the front of the chute.

We've moved quite a bit of snow this winter!

Thanks to Cody McClean for all of his help throughout the year, and congratulations on recently getting married!

This crew moved cows home from the pasture last fall. Even Grandma Dora got in on the action!

Vance playing with a new calf in the fresh straw.

Vance and Taya have gotten lots of practice at bedding barns!

They even know how to fit goats!

The kids had to check how well Cody packed the silage pile.
